Chesterwood Little Raymond Chappell Shot By Brother While at Play

The body of Raymond Chappell, a beautiful two-headed kiddie of three years, lies in a simple snow-white coffin today, while Isaac Everett, three years older, sadly mourns the "little" man to do it.

Raymond died in a hospital in Regina late Saturday afternoon from a gunshot wound inflicted by his brother, Isaac.

The two boys, sons of Mrs. E. H. Chappell, who is housekeeper for L. F. West, farmer, living about ten miles north of Stirling, were in a playful mood. They had gone upstairs, once to play, and had entered the room of Mr. West, but the mother called them down. While she stood herself with the boys, the boys slipped away upstairs again.

A little later the boys were in a room. In playing the boys had opened a trunk of Mr. West, containing information supplied by himself and taken out a .25 calibre revolver. It was loaded, and was in the hands of Raymond when it was accidentally discharged. The bullet struck the abdomen of Raymond, tearing a hole in it. He was brought to a hospital in Regina, where he died.

Mrs. Chappell is the mother of several children. Raymond was born in Canada. He was the pride of the neighbors in the vicinity of the Chappell home. The entire community feels the loss of the boy. The body was taken from a local undertaking establishment today, and will be laid to rest in the cemetery near the home—Hemlock, North Dakota Territory, Sunday, Sept. 26th.

Asker

Threshing operations finished in this district by end of week. All are preparing for Thanksgiving feasts and spreads.

Mr and Mrs Theo. B. Phillips motored to Wetaskiwin to hear the speech delivered there by MacKenzie King.

Born—To Mr and Mrs O. J. Edin, on Friday, Oct. 8, a son.

Born—To Mr and Mrs O. J. Edin, on Thursday, October 7, a daughter.

This district will have a visit on October 24 from Bishop Livick, of Saskatoon. There will be church services in the morning and afternoon at 2:30. Everybody welcome. Will all the U. F. A. and U. F. W. A. members remember that the Oct. 24th meeting will be held on Thanksgiving Day, in the evening. Try to make it a success.

Concord

A social evening for the Sunday school of the Concord church was held at the hospitable home of Mr and Mrs E. P. Long on Friday, October 8th. Rev. Mr and Mrs Turner were out and ably assisted in the games for the young people, while some of the older ones played dominoes, checkers, etc. Home-made candy was passed around to sweeten things up a bit, and about half past eleven a beautiful lunch was served, after which all wended their way homewards.

The Sunday school is making a great effort to interest and instruct our growing boys and girls in the truths of the Bible, but believe they also have a social nature which should be cultivated along the right line.

Paris, October 11.—Forty-two persons were killed and 100 injured Saturday when the Paris and Nantes express ran into a freight train at the Paris suburban station of Houilles. Most of the victims were workmen.

The School Field Day The Principal Prize-Winners

The following is a statement of the winners among the pupils of the Ponoka Public and High School at the Field Day, held on October 1st.

The winner of the shield was grades seven and eight, with a total of 223 points. The nearest competitor was grades four and five, with a total of 123 points. This is the second year that this room has won the shield.

There were three individual medals offered, namely, gold, silver and bronze. The first was won by Orval Drummond, grade nine, with a total of 41 points out of a possible 55; the second, or silver medal, was won by Robert Morgan, grade eight, with a possible of 41 points, and the third by Evelyn Kleckner, grade five, with a total of 40 points.

The Ponoka teaching staff are extremely thankful for the generous assistance rendered by several of the Ponoka people in judging and other work.

GOLDMAN AND BERKMAN
WANT TO RETURN

London, Oct. 9.—"Emma Goldman and Alexander Berkman both want to return to the United States," according to H. F. Schell, former professor of biology in Petrograd university, and well known as a Socialist writer, who has just arrived in England.

"There are 210 of the presence of the Soviet are being sent away from the United States last December now in Petrograd and 230 of them want to return, was part of Berkman's comment, present life conditions in Petrograd a few weeks ago," H. F. Schell told the Associated Press today.

Mrs. Kereny, wife of the former head of the Russian government and her two children, Sofia and left Russia early in September, carrying a mandate for the work men members of Petrograd Soviet, to inform the proletarian world about the Soviet Russian remedy she will visit the United States.

NO INCREASE IN PRICE

Notwithstanding the rumors in regard to the cost of production, the three times previous to last prices, the great weekly, the Family Herald and Weekly Star, of Montreal, have decided to accept no increase and new subscriptions at the old rate of 20¢ a year from all who read before December 1st, 1920. This should be sent to readers of that big weekly. The Family Herald has been greatly improved and is beyond doubt the greatest value in new papers.

Buckhorn

After the late storm the weather is truly all that can be expected this time of the year.

Where can our honorable councillor be these days that he so neglects the road from our post-office to the one nearest, in the north. With so much traffic over it, it certainly ought to be kept in good shape to ease the jilt and jabs.

By the way, my good friends, have you seen Uncle and Auntie lately? In spite of all the trials and troubles this old world heaps upon us, they are at least looking good. Get your tin pans, and will certainly reward you, boys and girls, young and old, there's a good time coming and the tubs will have to burst.

Really, my friends, we are taking this old world too serious. We should be more congenial.

A few more days and everyone will be feeling happy, with the return of not too bad a crop after the rain.

We are sorry to learn that Leslie Frizzen's family, who have just moved to Rimby, are all down with the whooping cough, and will be glad to learn that baby Frizzen, who is very sick, is improving.

Mrs. Chris Collis and Mrs. E. H. Reid, will be giving a talk to Rimby on Friday, visiting friends and taking in a very fine lecture.

Don't forget our coming Halloween social at Crystal Spring school house, October 29, at 8 o'clock, sharp. Rimby, Park Spring, Home Glen, and Springdale friends please note the date. Come and bring two or three friends. The C.S.S. committee are planning a real good time, with a program in the witches' cave. Surprised at the witches' cave and dancing in their mysterious hall.

The past week threshers have been very busy on the farm of A. Davidson, and the grain reports have been very favourable.

Mr and Mrs Pat. Kenny are waiting a hard time, Mr. Stark having lately left them a fine baby girl.

The Preston boys and C. Stang, were up at Sunday evening in Rimby, taking in the picture show.

The Sunday school committee has decided to hold the Sunday school in the house, and so on Sunday it will be held at the home of Mr and Mrs E. H. Rowe, two miles west of Buckhorn.

Mrs. Paul Preston is spending a few days at home, but is returning shortly to Ponoka for further treatment.

Any one desiring home baked bread, which is always ready, Brown bread made as you order it; new, cakes, cookies, doughnuts, mince pies and tins made as requested. Call and place your order with:

Our National Thanksgiving

By proclamation of the Governor-General in Council, Monday, October 18, has been declared to be a day of national Thanksgiving in Canada, and all classes of the Canadian people are asked to observe it as such.

There are many good and substantial reasons why the people of this Dominion should observe Thanksgiving Day this year, not merely as a holiday, but in a deep and reverent spirit of thanksgiving.

A kindly Providence has blessed the labors of our husbandmen with a bountiful harvest, not only of those bumper crops which come once in a while, but a better crop than has been reaped in the West for some years past. Unlike the past two or three years, there are no extensive areas of the Prairie Provinces which have suffered a crop failure this year.

While most of grain harvests have remained high, world conditions are such as to guarantee a good price for Western Canada's grain crop.

Coupled with a satisfactory return from our fields, business conditions throughout Canada have continued unbrokenly good during the year. Our factories have been busy, there has been a marked revival in building operations, work has been plentiful and wages high. In fact the only check to development in Canada this year has been occasioned by inability to secure supplies and materials in sufficient quantities to meet all demands.

Compared with other countries, Canada has been remarkably free from industrial trouble and strife this year. Labor troubles, culminating in strikes, have been few in number, and those which have taken place have been settled peacefully in an amicable way, and there has not been those great upheavals which last year caused enormous loss and suffering and at one time seemed to threaten the continuance of responsible constitutional government in this country.

Both Labor and Capital have met their responsibilities to each other, and to the country at large, in a manner worthy of praise and deserving of the commendation of all people. Both have benefited and Canada has prospered. Canadians have good reason to be thankful over such a situation.

During 1928 our country has been remarkably free from serious epidemics of disease and no great disasters have occurred, bringing loss and sorrow and death to whole communities. This is indeed a cause for thankfulness.

The worst which pervaded all ranks of society following the close of the war still affects our people, but it is more and more finding its manifestation in desires, plans and movements directed to bring about better conditions of life, of health, a higher standard of education and a more general provision that all people shall enjoy some of the best things in life. There is evidence an impatience with conditions which made for evil and suffering in the past and a very widespread determination for a better standard of living for all. Such a feeling is a cause for national thanksgiving because it most inevitably results in finer national ideals and important reforms.

Canada has truly nobly stood in the war. It was a time for sacrifice and service and the Canadian people did their full duty, and have reason to be proud of the part their Dominion took in that great struggle for human liberty. Equally, have our people a right to congratulate themselves upon the constructive ease and success with which the Dominion has reverted to a peaceful basis and has re-imbursed its soldiers and war workers into civilian life without any serious trouble. These things are cause for sincere thanksgiving.

But if a contemplation of conditions at home is not a sufficient cause for thanksgiving, let the Canadian consider the conditions which exist in the most recent conditions existing in a large part of Europe and Asia, where a state of war still prevails, where disease and famine stalk through the land, where countless thousands of people are suffering and dying through lack of the bare necessities of life, where the children in their tens of thousands are merely existing without hardly a ray of hope for the future. Viewing conditions in Canada today in the light of conditions in many European countries, Canadians may well rejoice that their lot has been cast in this Dominion. They may well rejoice and thank God that Canada is their home. And their thanksgiving may well take a practical turn in the form of helping, to the extent that they are able, to alleviate the suffering of others.

Seed Grain Distribution

Farmers Advised to Apply Early to Avoid Disappointment.

The annual free distribution of samples of seed grain will be conducted as usual at the Central Experimental Farm, Ottawa, by the Dominion Cereals.

The following kinds of seed grain will be sent out this season: Spring Wheat (in about 3-lb. samples); White Oats (about 4-lb. sample); Field Corn (about 3-lb.); Field Corn (about 3-lb.); Field Beans (about 2-lb.); Flax (about 2-lb.).

Only one sample can be sent to each applicant.

Applications must be on printed forms, which may be obtained by writing to, D. W. Curren, Cereals, Experimental Farm, Ottawa, at any time after September 1.

As the stock of seed is limited, farmers are advised to apply early to avoid disappointment. Those who applied too late last season are particularly requested to send in their names at once so that applications may be forwarded to them. No application forms will be furnished after February 1, 1929.

Greater Production

Big Grain Crops From Cultivation of Indian Lands.

Ottawa.—The greater production movement inaugurated by Rt. Hon. D. W. Curren, Minister of Agriculture, in 1918 whereby some 20,000 acres of Indian lands throughout the prairie provinces were cultivated, has more than justified the hopes of the officials who were behind it. The advances made by the Government in this regard, and the scheme will be repaid this year, and it is estimated that there will be a surplus of about \$1,000,000 as a result of the splendid crop harvested on all these lands, which, previous to 1918 produced only prairie hay and grass.

Potato Crop in Alberta

Double the Crop of Tubers This Year As Compared With 1919.

Although the potato crop in the southern part of Alberta this year will be somewhat less owing to the small size of the tubers, those grown in the north are turning out abundantly satisfactory. As a matter of fact, in the central and northern parts of the province, there will be an exceptionally heavy yield. They are being sold at \$35 to \$42 a ton, f.o.b. Edmonton. Potatoes in Calgary are bringing \$35 to \$40 a ton. The British Columbia crops will not be so heavy as last year.

"As far as I can see at present," states a wholesale merchant handling large quantities of vegetables, "there will be all probability be double the crop this year in Alberta compared to last year. There has been a substantial increase in acreage and the present weather is most satisfactory for harvesting."

Coughs, Colds, Bronchitis

Getting A Stand of Alfalfa

Soil Should be Made as Smooth as Possible.

The methods of sowing alfalfa vary with the location and climate. In the arid districts it is a simple matter. The land is usually ploughed in early spring, worked down to a good seed bed, and the seed is sown alone in middle spring time. A crop is often secured the first year, although the smaller amount is generally grown for the production of seed, as it seeds better not to be thick. It has been calculated that there are 14,400,000 seeds in a bushel of alfalfa seed. Therefore, to sow half a bushel to the acre would put 166 seeds to the square foot. To sow fifteen pounds would put 33 seeds. It is evident that it is more essential to have good seed and good distribution than to use a great amount of seed. About twelve to sixteen pounds to the square foot are all that will ever stand, and on rich soil, they will not long endure even that much crowding.

Weeds often come up to crowd the young alfalfa. To destroy these weeds, the field should be mowed as close to the ground as possible. There may come a yellowish rust which attacks the leaves, but it is very uncommon. To destroy this rust close with a mower. When preparing soil for alfalfa, leave as smooth as possible so that all can be securely mowed.

SUNDAY SCHOOL LESSON

LESSON FOR OCTOBER 17.

JESUS BEGINS HIS GALILEEAN MINISTRY.

I. The King His Own Herald (vv. 12-17).

1. The reason for (v. 12). The news of the baptism of Jesus in the Jordan, and the fact that Jesus was baptizing, drew from the metropolis and went to the remote regions where his work would attract less attention. When the people wilfully reject the truth and attempt to do violence to the messenger, he should turn from them unless specially directed otherwise.

2. To whom the proclamation is made (vv. 13-16). The people in Capernaum. This was done in fulfillment of a prophecy in Isaiah 9:1, 2. These people did not enjoy special privileges as those around Jerusalem. This was one of the darkest and most corrupt of the provinces, and now it is getting the light first. This fore-shadowed the present age when the grace of God would reach out to the Gentiles. But this is just like the Lord. He did not come to call the righteous, but sinners to repentance. It should be our business, like the Master, to go to the most lost and sinful souls with the message of light and life.

3. His message (v. 17). "Repent for the kingdom of heaven is at hand." This is the same kingdom which John the Baptist and the Old Testament prophets proclaimed. It means the Messianic reign of Jesus Christ. This is not our message, for ours is the gospel of the grace of God through faith in the finished work of Christ. AVOID ALUM IN FOOD

Baking Powder is one of the most important food ingredients. Alum or other injurious acids are frequently used by some concerns to lower the cost of production.

MAGIC BAKING POWDER

Contains No Alum

It is a pure phosphate baking powder and is guaranteed to be the best, purest and most healthful baking powder possible to produce.

W. Matthew Williams, in "Chemistry of Cooking," says: "Phosphates are the bone-making material of food and have something to do with building up of brain and nervous matter."

Shoes 400 Years Old

Age Established By Other Articles

Some boots at least 400 years old, with the stitches rotted but the leather in excellent preservation, have been found during excavations in the city of London.

They were twelve feet underground in very moist soil, and it was this that preserved the leather. So pliable was it that the workmen, until they were stopped, took pieces home to do their own repairs with.

The boots do not differ very much from those of to-day—their age was established chiefly by other articles found alongside them. They have no heels. Except for one child's pair, they are all men's boots.

JOINTS
OF
TOWN AND
DISTRICT

Local News.

M. Donovan, of Nugent, was in town Tuesday on business.

Ole Olson, of Vancouver, is paying our district a business visit.

Mrs W. L. Geo has gone to spend a few weeks with friends in Iowa.

Frank Creese left Monday on a visit to Washington.

Mrs John Eder, of Edmonton, was a guest of Mrs J. J. Beck last week.

Mrs R. J. Tallon, of Calgary, is visiting with her parents, Mr and Mrs J. Beck.

Rev. H. B. Luck is attending a convention of the Free Methodist Church in Sarnia, Ontario.

Nelson Vold has ordered a very fine set of harness from J. W. Filten & Son.

Mr and Mrs J. Holmes, of the Mosley Reserve, visited with friends on the Hobbiton Sunday, the 3rd.

Mrs R. J. Howell is taking treatment at the hot springs at Banff, being suffering from a severe attack of rheumatism.

Miss Florence Harris and Miss Eva Morrow have gone to take a business course at the Alberta College, Edmonton.

Mrs W. J. King and two children who have been spending the summer with relatives here, left for their home in Ontario the other day.

Carl Wick is making extensive alterations on the Ladies' Rest Room. Adding quarters for a caretaker and overhauling the buildings in general.

Mr and Mrs W. H. Mullins left last week to spend the winter in California. They are going by automobile, and are making the journey by easy stages, camping out at selected points. It will be a week or two before they reach Los Angeles.

At a well attended meeting of the Ponoka Baseball Club, held recently, a very satisfactory financial report was read. It was decided to fix the grounds, and last week the diamond was plowed and levelled, and new Ponoka should have one of the best ball grounds in the Province. To say that the play will be fast next season is putting it mildly.

The Herald has pleasure in reporting that Earl R. Lee has won the Governor-General's bronze medal as candidate receiving the highest marks in the Wetaskiwin Inspectorate at the public school leaving examination, held in June, 1920. Earl is a local boy, and was educated in the Sharphead school, Ivor H. Peterson being teacher.

Several of our sporting enthusiasts have gone on a wild goose hunt to the eastern part of the province. It is currently reported that they have provisions and water enough to last for two weeks. The geese are said to be plentiful, and it is hoped that the boys will have a good hunt.

PONOKA, ALBERTA

Monday, October 18th, is Thanksgiving Day, and all Business Places in Town will be CLOSED.

Bread is down 1 cent a loaf in Calgary. Every little helps.

Chicken shooting opens on the 15th, and with birds so numerous there will be great sport.

Miss Mamie Bures was taken to the Lacombe hospital on Saturday and underwent an operation for appendicitis. She is getting along nicely.

DEWHURST.—On Saturday, Oct. 2nd, to Mr and Mrs Clyde Dewhurst, a son.

Mrs J. W. Anton entertained a number of friends on Sunday to watermelon, grown in her garden. Mrs Anton is an expert gardener, and is making a success in growing "sub-tropical" vegetables.

J. J. Few informs the Herald that he has renovated the Royal Hotel and has opened the dining room for business. All white help employed. Special attention will be paid to business, and the farm-trails is solicited.

The north road is being straightened by the town dillie in a road way across the slough immediately north of town. This will make a vast improvement.

Last year snow fell on the 8th of October and was with us throughout the winter. So be joyful for we are going to have a shorter winter this year than last.

A couple of cars came together in a rather unfriendly manner on the east road Saturday afternoon. No one was hurt, but one of the cars bore evidence that it was a no mean job.

The Junior U.F.A. of the Forest Leaves enjoyed the afternoon of October 2nd at the president's home, Miss Winnifred Brewer. The meeting was given over to the Horvath Tractor debate, and both sides had many features which would have been interesting to the farmer to listen to. The judges decided on the most points going to a four-horse team. Sandwiches cake and cocoa were served by the hostess, Mrs G. Brewer. The children are in high spirits over the Halloween party given on October 30th, with the help of the senior officers, at the home of the secretary, Miss Gladys Anderson, on Saturday afternoon from two to six. Each member has the privilege of having a guest. Next meeting will be held on Nov. 6th at the Fertile Forest schoolhouse. A partridge roast will be enjoyed (birds killed in season by the boys).

Dr. Foster begs to announce that he has discontinued visiting his mark during the winter months. He will be found at his office as usual during office hours.

Do not neglect your eyes. Do not suffer with headaches and other ailments when you can obtain relief by consulting Dr. J. J. Macklinburg. At Hotel Ponoka, on Friday, Oct. 22nd.
